

GUIDED TOURS

We invite you to discover the fascinating history and winemaking traditions that have defined the Castello di Ribano and its cellar for centuries. A unique experience that will take you through the ages, from the medieval halls of the castle to the underground cellars where the wine comes to life.

During the guided tour, you will have the opportunity to explore:

The Castello di Ribano: A place steeped in history, dating back centuries. You'll discover its origins, anecdotes, and the stories that have shaped the territory and the families who have lived here.

The Cellar: A modern reality with deep roots in ancient traditions. We will explain all the wine production methods, from the harvest to fermentation, and the maturation in steel. A sensory journey that will allow you to appreciate every step of the creation of our fine wines. Let us know if you'd like to adjust or add more details to the tour!
